
Please carefully read the instructions before attempting to pair the new remote.

How to Pair a new remote control.

1- Select the desired Channel on the remote.

2- Press and Hold P1 (Green Button) on the blind motor for about 2-3 seconds and release, the blind will make 1 jog (small up/down movement of the blind) and a long beep.

Note: step 3 must be done within 10 seconds after step 2.

3- Hold stop on the remote for 2 jogs (about 4 seconds) and release (blind will make 3 beeps).

The new remote has been paired with the blind.
