Keep away from electronic appliances.

PRO HUB

Quick Start Guide

Model: DD7006

FC  CE Product Certification

PRO HUB SET UP

About this Device

The Pro Hub allows users to link their motorized shades to their Internet connection via WiFi or Ethernet, enabling control via the Connector+ app and other smart home devices.

Step 1 Download APP

Scan below QR Code.

Step 2 Pair the Hub

The Connector Hub can be paired directly through an Ethernet cable or wirelessly through your Wifi* signal using the instructions linked in the QR codes.

*If pairing through a WiFi signal, only use 2.4G internet speed.

Step 2 Pair the Hub (QR Codes)

Pair through Ethernet (iOS)

Pair through Ethernet (Android)

Pair through WiFi (iOS)

Pair through WiFi (Android)

Step 3 Pair Shades to Hub

Once your hub has been connected, follow directions in the Connector+ app for pairing shades.

Additional App Features

Within the Connector+ app menu, find additional features including information on connecting your hub to smart home devices and a help section offering FAQs, instructional videos, and our feedback submission portal.
